**USDA Memo # SP 26-2006 Revised**

**MEMORANDUM**

---

**TO:** School Health & Nutrition Program Sponsors

**FROM:** Mary Szafranski, Deputy Associate Superintendent  
Arizona Department of Education, Health and Nutrition Services

Kacey Frey, NSLP Health Director  
Arizona Department of Education, School Health & Nutrition Programs

**DATE:** October 31, 2006

**SUBJECT:** Modification to the list of USDA-approved Nutrient Analysis Software

---

*Original Signed*

This memorandum is to inform all Local Education Agencies (LEA's) that *Meal Tracker Menu Planning* software is in compliance with the United States Department of Agriculture's (USDA) regulations. Memo CN #10-07 stated that *Meal Tracker Menu Planning* software did not receive USDA's approval for use in conducting nutrient analyses. However, Accu-Scan Division has incorporated the most recent version of the Child Nutrition Database-Release 10 into the *Meal Tracker Menu Planning* software which is required by USDA to be approved for usage.

The Food and Nutrition Information Center updates the official list of USDA-approved software according to the software evaluation coordinator's recommendations. The expiration date for the *Meal Tracker Menu Planning* software was removed from the official list once the evaluation coordinator confirmed the requirement was met. The current list of USDA-approved software programs can be found at: [www.ade.az.gov/health-safety/cnp/nslp/NutritionEd/MenuPlanning.asp](http://www.ade.az.gov/health-safety/cnp/nslp/NutritionEd/MenuPlanning.asp)
